### **HAPPY BIRTHDAY MIDPOINT GARAGE!**

Vauxhall specialist Midpoint Garage (MPG) celebrated its first birthday in style, with an amazing anniversary open day.

The Cheshire-based Vauxhall tuning, remapping and servicing expert – which launched in 2007 – has become a staggering success, already highly respected among Vauxhall owners for providing professional workmanship at excellent prices.

Sunday 14 September 2008 saw MPG's doors opened wide for a brilliant birthday bash to welcome past, present and future customers. Around 120 loyal Vauxhall fans came from nationwide to join in the festivities. Many took part in terrific club displays, including top-quality Vauxhalls from VXRonline, Astra Owners' Network, Astra Owners' Club, Exclusive VXR Owners' Club and Vectra C/Signum Owners' Club.

Party guests were also treated to a barbecue, hot and cold refreshments, kids' bouncy castle and chance to race on a two-car Astra BTCC simulator, complete with Top Gear-style scoreboard and Stig. MPG's promo girls Charlotte and Chacha awarded trophies for the fastest drivers James and Conner.

Best of all, lucky prize draw winner – Astra VXR owner Mr Crilley – scooped a free EDS Motorsport engine remap to improve the power and responsiveness of his Vauxhall. Competition runners up were all offered substantial savings on the price of software upgrades, resulting in 11 Vauxhalls being remapped during the day.

Of course, MPG boss Ian Redgrave was on hand to chat with likeminded Vauxhall enthusiasts, proudly displaying MPG's own collection of sporty Vauxhalls including an Astra GSi, an Astra Coupé (pumping out over 250bhp from its normally-aspirated 2.2 Vauxhall engine) and a Vectra VXR.

MPG would be delighted to discuss any Vauxhall tuning, remapping and servicing requirements. So please call or pop into MPG's Middlewich workshop sometime soon.
