PIPE DREAMS – HOT NEW VECTRA VXR DECATS FROM MPG

Vauxhall specialist Midpoint Garage (MPG) has launched an exclusive new range of Vectra VXR performance exhaust components.

First to be revealed are a pair of superb decat and sports cat pipes designed to remove restrictions from Vauxhall exhausts, improving power, driveability, sound and performance.

The MPG Vectra VXR decat front pipe has been proven to release 15bhp when fitted to a standard Vectra VXR. Built from premium-quality 3in stainless steel with top-notch pulse TIG welds and mandrel bends, the Vectra VXR decat front pipe remains MoT compliant. It's priced at only £360, or can be fitted at MPG's Cheshire workshop for an all-inclusive £429.

A further 10bhp can be gained by adding MPG's Vectra VXR decat second section. Built from premium-quality 3in stainless steel with top-notch pulse TIG welds and mandrel bends, the Vectra VXR decat second section improves sound quality and makes a great addition for driving enjoyment. It features all the brackets required to retain standard Vauxhall heat shields. An EDS software upgrade is required to release the full 25bhp increase of the front and second pipes. The price is £300, including free fitting.

For Vectra VXR owners requiring full MoT compliancy, a 100-cell MPG Vectra VXR sports cat (second section) is also available. Again built from premium-quality 3in stainless steel with top-notch pulse TIG welds and mandrel bends, it also features all the brackets required to retain standard Vauxhall heat shields. The price is £595, including free fitting.

The Vectra VXR decats and sports cat have been developed in the UK on MPG's own Vectra VXR, and add to an increasing range of performance modifications for the big Vauxhall – which includes EDS Motorsport software remapping and hybrid turbo upgrades. No wonder Midpoint Garage is becoming known as one of Europe's leading Vectra VXR tuners.

Please keep an eye on the MPG website at www.midpointgarage.co.uk for more Vectra VXR tuning products.

MPG is located at 9 Valley Court, Sanderson Way, Middlewich, Cheshire CW10 0GF. Please phone 01606 834598, email info@midpointgarage.co.uk or log on to the website at www.midpointgarage.co.uk for more information.
