### **ROAR POWER – VECTRA VXR ENLARGED AIR INTAKE FROM MPG**

Vectra VXR owners can unleash roar power from their turbocharged V6 engines, thanks to a new enlarged air intake kit from Vauxhall tuning specialist Midpoint Garage (MPG).

Priced at only £250, the MPG Vectra VXR enlarged air intake removes factory Vauxhall pipework restrictions – releasing big bhp. Tested in Germany by top tuner EDS Motorsport, power on a standard Vectra VXR was raised by around 9bhp.

The MPG Vectra VXR enlarged air intake is made from premium-quality, polished 3in stainless steel tubing, and requires no bodywork modifications. It comes complete with silicone hoses and a full fitting kit.

The fantastic price of only £250 includes free fitting at MPG's Cheshire workshop.

The Vectra VXR enlarged air intake kit has been developed in the UK on MPG's own Vectra VXR, and adds to an increasing range of performance modifications for the big Vauxhall – which includes EDS Motorsport software remapping and hybrid turbo upgrades. No wonder Midpoint Garage is becoming known as one of Europe's leading Vectra VXR tuners.

Please keep an eye on the MPG website at [www.midpointgarage.co.uk](http://www.midpointgarage.co.uk) for more Vectra VXR tuning products.

MPG is located at 9 Valley Court, Sanderson Way, Middlewich, Cheshire CW10 0GF. Please phone 01606 834598, email [info@midpointgarage.co.uk](mailto:info@midpointgarage.co.uk) or log on to the website at [www.midpointgarage.co.uk](http://www.midpointgarage.co.uk) for more information.

**Ends**

#### **Note to editors**

Please visit [www.midpointgarage.co.uk/press\\_area.html](http://www.midpointgarage.co.uk/press_area.html) for print-quality images of MPG's excellent facilities and products. These images are copyright-free for editorial use only. Further photographs are available on request.

If you'd like to see MPG's services in action, please feel free to arrange a visit – the MPG team would be delighted to see you there.
