EDS SOFTWARE PUTS MIDPOINT GARAGE ON THE RE-MAP

Vauxhall drivers in northern England can now benefit from top-quality EDS Motorsport engine tuning and remapping, thanks to independent specialist Midpoint Garage (MPG).

Until recently, Vauxhall owners had to travel hundreds of miles to experience such well-developed performance gains, meaning time and expense. Now it's just a case of popping along to MPG's state-of-the-art 3,500 sq ft workshop in Middlewich, Cheshire. There, virtually any Vauxhall can be tweaked to improve drivability, power and even economy.

EDS Motorsport is a highly-respected German tuner, specialising in Opel/Vauxhall upgrades. The firm's skill and experience was previously only available in the UK from Regal Autosport in Southampton – 200 miles from MPG.

The majority of EDS modifications are made to a car's ECU (engine control unit), which is usually a case of rewriting the factory software. This means a quick, clean and easily reversible job that optimises the engine without detrimental effects. Most models gain noticeable power increases – by up to 50bhp on turbo diesels.

MPG'S EDS performance tuning software

- Increased power and torque.
- Enhanced throttle response, giving a more enjoyable drive.
- Improved performance for quicker, safer overtaking.
- Switchable between performance and economy on the car's factory-fitted Sport button.
- Does not affect Vauxhall servicing and diagnostic equipment.
- Reliable, economical and dependable.
- High-power upgrades available for VXR models including Astra, Zafira, Vectra and Corsa.

- Diesels gain up to 50bhp with greater refinement than tuning boxes.
- Z20LET packages offered, providing VXR power and beyond.
- Normally-aspirated cars add as much as 15bhp.
- C20LET engines can be boosted to high-power phase 4.

Besides being the official northern base of EDS Motorsport software, MPG is a leading specialist in Vauxhall servicing and modifications. Run by enthusiasts, MPG offers an unbeatable combination of expert workmanship and excellent prices, providing complete care and repair packages for car and commercial vehicle owners and fleet managers in the North West and nationwide. With full dealer facilities, trained Vauxhall mechanics and genuine GM parts, all work is done without affecting Vauxhall's factory warranty.

MPG is located at 9 Valley Court, Sanderson Way, Middlewich, Cheshire CW10 0GF. Please phone 01606 834598, email info@midpointgarage.co.uk or log on to www.midpointgarage.co.uk for more information.
