INDEPENDENT VAUXHALL SPECIALIST SLASHES DEALER PRICES

Vauxhall owners tired of paying through the nose for servicing can now make massive savings on big bills from main dealers, thanks to all-new independent specialist Midpoint Garage (MPG).

Offering an unbeatable combination of expert workmanship and excellent prices, Cheshire-based MPG aims to provide a complete servicing, repair and modification package for owners in the North West and nationwide.

With full dealer facilities including a 3,500 sq ft workshop fully decked out with state-of-the-art diagnostic machinery, three ramps, specialist tools and a vast array of spares, MPG caters for any Vauxhall whatever the age – from Viva to Monaro. And by adhering to approved standards using genuine GM parts, all work can be done without affecting the manufacturer's warranty.

The firm's family-friendly premises also boast a luxury waiting area with digital TV, complimentary tea and coffee, disabled parking and a baby changing area.

MPG was founded in September this year by Ian Redgrave and his wife Joanne. Ian, who is a factory-trained Vauxhall technician, has 16 years' experience as a mechanic. He's also a true car enthusiast, owning a fleet of immaculate Vauxhalls including a beautifully-restored Astra GSi.

Ian said, "We're excited to be offering Vauxhall owners an opportunity to save money. Midpoint Garage has everything you want from your main dealer – except the high prices.

"We have all the latest fault-finding equipment, and pride ourselves on efficiency and customer care. Whether your car needs repairs, servicing, an MoT or even modifications, we'll get it done for a price you can afford."

Note to editors

If you'd like to see MPG's services in action, please feel free to arrange a visit – Ian, Joanne and the team would be delighted to see you there.

Photo opportunities are welcomed. Ian would be especially pleased to display his showroom-condition, 13-year-old Vauxhall Astra GSi, which he restored to concours standards during his spare time.
