GET YOUR CAR GEARED UP FOR WINTER

Can your car cope with the worst of winter weather and hazardous driving conditions? Or will it let you down when you need it most?

Don't get left out in the cold, says Middlewich Vauxhall specialist Midpoint Garage (MPG). To give your car a winter workout, MPG is offering all motorists a thorough safety and reliability check for only £19.99. This amazing price even includes a free winter essentials pack worth £5.

Millions of motorists become stranded every year, thanks to adverse weather and alarming road surfaces. Snow, ice, rain and fog can cause driving hazards, putting additional strain on tyres and brakes. Intense cold, grit and extra use of lights, heaters and wipers create reliability worries. Cars may even use more fuel if they haven't been adequately maintained.

But a winter checkup from MPG can keep your car running safely for the entire season. Any driver who can spare just half an hour of their time will be fully prepared for the big freeze, comforted by the knowledge that their wheels will get them home whatever the weather.

So don't leave things to chance. Readers are advised to book early for their winter checkup – the offer is strictly limited and must end 31 January 2008.

MPG is located at 9 Valley Court, Sanderson Way, Middlewich, Cheshire CW10 0GF. Please phone 01606 834598 or email info@midpointgarage.co.uk for more information.

Ends

Note to editors

MPG was established in September 2007 by Ian Redgrave and his wife Joanne. Ian, who is a trained vehicle technician, has 16 years' experience as a mechanic.
